The ECB are encouraging all clubs to run a “Get Set Weekend” to get their facilities ready for the start of the 2025 cricket season.

Our partnership with the MCC is proving to be a great success. We are now halfway through our ten-week programme. We have 19 regular participants in the sessions which are aimed at cricketers from state schools in the county. The MCCF midlands manager Andy Hibberd came to join us last week and gave us this encouraging feedback. “...lots of variety with plenty of game-based activities in which you created a great learning environment. Planning wise, top of the class regionally – keep up that great work”. We are excited to see how far we can take this fantastic group of young men as they work hard to go further in cricket.

AFTER MATCH DAY 4

WWW.HEREFORDSHIRECRICKETLTD.CO.UK

Our second women's indoor league has so far been extremely competitive with closely fought matches being mixed in with a huge amount of laughter, camaraderie and music. The teams have all shown great improvement since the inaugural event in 2024. After 4 weeks current champions Kington are looking favourites to take the title again, but with other teams beginning to win more games and also collecting bonus points, this years league could go down to the wire!

The league, although competitive, is very much focused on fun first and is open to all ages and abilities. For more information on how you can take part contact [Pete Gale](#)
