New Cricket Academy

Autumn coach workshops led by a trio of cricket experts

Review of County Age Group

Welcome to the Autumn edition of The Scoop!

Please send us your news stories for our future editions!

Well, it's been one of those summers that cricketers really cherish where the sun has shone morning, noon and night and allowed us to play a record number of matches whether it be at junior or senior level. One of the great advantages of the ECB's play cricket website is that it allows us to collect data on the number of cricket matches played as well as the number of players that have played throughout the season and it won't surprise you that it has broken all records this summer for cricket in Herefordshire - well done to everyone. However, whilst congratulating the players and the clubs, spare a thought for those ground managers, umpires and scorers who've

for us to eulogise over. Congratulations too to the clubs who had a sterling season either being promoted or knocking on the door of promotion. Commiserations to[Click here](#) to read more

NEW Cricket Academy at Hereford Sixth Form College

We are delighted to announce the launch of a brand-new **Cricket Academy at Hereford Sixth Form College**. The 2025–2026 academic year will serve as a **test event**, ahead of the full programme beginning in September 2026. This exciting development will provide students with access to a state school cricket pathway of unprecedented depth and quality in the county. The Academy is in Partnership with the University of Worcester who will work closely with the college on developing cricket in the area and providing great opportunities to get involved in the sport as players and coaches.

Academy members will benefit from **top-class coaching**, delivered by experienced professionals committed to helping players reach their full potential. Alongside technical and tactical cricket sessions, students will also receive **strength and conditioning training, sports science support**, and expert advice on **nutrition and recovery** – all vital elements in modern player development.

The Academy will be built on a holistic philosophy, ensuring that players are not only prepared for the challenges of the game but also supported in their personal growth, education, and future opportunities. Our aim is to create an environment where young cricketers can flourish, both on and off the field.

Schools Cricket

Every Monday's a Cricket Day
at Staunton-on-Wye Primary

School this year, delivering cricket sessions **every Monday**. The sessions are part of the **Wraparound Funded Programme in partnership with Herefordshire Council**. The programme helps schools provide exciting and active opportunities for children beyond the traditional school day. Thanks to this support, every pupil at Staunton-on-Wye will enjoy the chance to learn new skills, stay active, and have fun through cricket.

“We love having cricket in the school as part of the wraparound programme. The coaching is great and the children are learning so much about sport and themselves.”

Jo Davies Head Teacher

Pete Gale added: “It’s fantastic to be at Staunton-on-Wye for the whole academic year. The Wraparound Fund allows us to make cricket a regular part of school life and inspire pupils to play, learn, and grow through the game.”

This partnership is part of Herefordshire Cricket’s ongoing commitment to supporting schools across the county, ensuring that more children can experience the joy of cricket and the positive impact it has both on and off the field.

Women’s and Girls’ Cricket

Ignite Programme Sparks Growth at Kington Cricket Club

This season we have been pleased to run **METRO bank** sponsored initiatives aimed at increasing participation and support for women's and girls' cricket. A highlight of these efforts was our **Ignite event**, designed to attract new members and strengthen the team of volunteers essential for running a thriving female cricket programme.

The evening was a fantastic success, with **over 50 attendees** enjoying a friendly soft ball competition full of laughs, followed by a BBQ and drinks. Guests were also provided with information about the opportunities Kington Cricket Club offers for players and ways to get involved as a volunteer.

Special thanks go to **Nic Dinsdale** for his support and hard work in making the event such a success. Since the event, Nic reported an increase in attendance at training sessions and more people stepping forward to take on volunteer roles at the club.

The Ignite Programme continues to be a vital part of supporting women's and girls' cricket, ensuring clubs have the volunteer base needed to grow the female game across the county.
